

CAMBRIDGE PHILATELIC SOCIETY

DECEMBER 2017 NEWSLETTER ISSUE 95

The editor will try to publish newsletters in future by mid-December and by the end of April and August. Newsletters since that for the August 2014 edition are also available as a pdf file from the Society website. A new section "5" on the Society web site has been designed to accommodate this.

INTRODUCTION

Welcome to the early winter 2017/2018 newsletter. We have concluded our 2016/2017 programme which as anticipated has turned out to be very varied and also very interesting, and have started our new 2017-2018 programme. Our thanks are due to Rufus Barnes, who has organised the new programme for the Society.

From time to time we have to make changes to our published programme on the blue cards. However, the editor tries to keep the programme details on the Society's web site always up to date; this can be found at; - www.cambridgephilatelicsociety.co.uk

If any member is on email, and has not received this newsletter by email, but would be happy to receive future newsletters and communications by email then would you please let the secretary know at; info@cambridgephilatelicsociety.co.uk; this will help save on both postage and paper costs.

Friday 17th November

POSTMARKS OF THE UNION OF SOUTH AFRICA AND CAPE TOWN DOCKS 1652-2000

Robert Hill began his display by explaining that work began on the Cape Town Docks shortly after **Jan van Riebeck** founded a settlement there in 1652. The growth in passengers and trade and the recurring bad weather in Table Bay led to the next stage in their development which came in 1860 with the commencement of the Alfred Docks which was followed by the construction of the Victoria Basin.

We were shown a number of shipping postcards, and postmarks often made by cork cancellers all of which were relevant to the docks. The role of the Shipping Postmaster who worked in the docks selling post office services and dealing with registered letters was explained.

Next, Bob showed mail from flights in South Africa undertaken by Malcolm Campbell. This was followed by a short display relating to Kit Kat wrappers from 1910 onwards and their possible relevance to South Africa.
